The News.

The steamship *Niagara*, with Liverpool dates to January 30th, arrived at Halifax on Sunday. A synopsis of her news will be found under the telegraph head. There is later and more favorable intelligence from India. We learn, from China, that Commissioner Yeh defies the "outside barbarians," who propose, in consequence, to get "inside" Canton. The Bank of England has reduced its rate of interest to 4 per cent.—Money matters were improving. Breadstuffs dull and lower.

Nothing of importance done in Congress yesterday. After the Lecompton storm, of last week, there comes a lull.

A serious affray, resulting in the death of two persons, occurred at Indianapolis on Saturday night.

The steamer *North Star* brings some later news from California. It is generally of favorable tenor.

GEORGE BANCROFT, an eminent Democrat of New York, has come out in an able reply to President Buchanan's defence of the Lecompton Swindle.

We have no report of yesterday's proceedings in our State Legislature, the telegraph being out of order.

There was no change in our own or the New York Produce Market yesterday.

Winter is now in full blast here, another snow storm having set in, yesterday afternoon, which promises an abundance of sleighing.

The Investigating Committee—Protest of Mr. Kilbourn.

Our readers have been already advised of the action of the Assembly, in the case of Mr. BYRON KILBOURN, of this City. Having refused to answer certain questions propounded by the Investigating Committee, the House adjudged him "guilty of contempt," and consigned him to the custody of the Sergeant-at-Arms. Mr. KILBOURN's reasons for refusing to answer, were embodied in the following communication to the Committee.

GENTLEMEN :—

I have the honor of appearing before you in pursuance of a subpœna served on me by Col. L. H. Barron, Deputy Sergeant-at-Arms of the Honorable Senate, on the 9th inst. The resolution referred to in said subpœna clearly charges by implication, criminal conduct on the part of members of the Legislature of 1856 in the disposal of the land grants; also on the part of the members of the Legislature of 1857, touching the same subject; and also upon the companies receiving the same and their officers and agents, as well as other citizens of the State, in relation thereto, and purports to clothe said committee with power to investigate such alleged criminal conduct.

At the time said grants were disposed of I was an officer of one of the companies receiving the same, and therefore fall within the scope of the implication so broadly made. While I aver that I am not aware of any fraud or corruption being practiced on either of said occasions, and assert my readiness to appear before any regularly organized court having jurisdiction in such cases, and in a proper legal and constitutional matter give evidance to the full extent of my knowledge in that or any other case, I feel, nevertheless, constrained from a sense of duty, respectfully, to decline answering questions involving the rights of individuals, whether members of past Legislatures or otherwise, which may be propounded to me by this committee or any other secret or inquisitorial body of men, however respectable, when not duly constituted and authorized under or by the constitution to take cognizance of the offences charged.

I feel constrained thus to decline, not from any disrespect to the Legislature, nor to either House, nor to its committee, nor on account of the effect that my testimony might have upon myself or any other person, (for nothing that I could state in evidence would criminate anybody,) but for the reason that in attempting to enter into such investigation or authorizing any committee to do so, I consider the Legislature as transcending its constitutional powers as a Legislative body, and assuming to itself high judicial powers not warranted by the Constitution, but in derogation of the rights of citizens as guaranteed by that sacred instrument. To err is human. The Legislature being human *may* err. But I believe, with all deference, that in this the Legislature has erred—innocently, no doubt; but that makes the error none the less. I presume that there is not an honorable member of either House who would intentionally do any act in violation of the constitution, nor one who would persist in such act after being convinced that it was repugnant to that instrument. The proper mode of arriving at the constitutionality of this question, is to submit it to the tribunal clothed by the constitution with the requisite power.

I only claim that protection under the Constitution which is secured to every citizen, and in so doing appeal to that tribunal which alone has power to decide, and to which I presume the Legislature will be equally willing and prompt to refer this question for ultimate decision, thereby leaving the Constitution as they found it, unbroken and unimpaired.

This proposed investigation presents some questions of the gravest import, being no less than a clear implication of criminal conduct by a large majority of the members of both Houses of two preceding Legislatures, as well as by a large number of citizens, not members of either House; and an assertion of the right of *this Legislature* to arraign them, review their acts, and pass judgment on them. If such a power really exists under the Constitution, it is time that fact were publicly known, that the people may protect themselves from its use.

Such a power I am confident has never hitherto been claimed or exercised, within the history of constitutional governments, and if conceded to the Legislature of this or any other State, would be to erect an irresponsible tyranny in which the arbitrary will of the majority of a political body, would be the law of the land, to which the individual rights and liberties of the people would be subjected without regard to constitutional barriers.

In addition to the illegality of this proceeding, its being pursued at this time will have a most injurious influence, on a large and respectable portion of our citizens, whose property is involved in the success of the La Crosse and Milwaukee Railroad. The first effect of it will be to injure the credit of that company, and this may operate to an extent that will prevent it from raising funds to go on with the work and pay the interest on its bonds.

This would lead to a sale of the road under the first mortgage, and place it out of the power of the Company to pay the interest on the city bonds and farm mortgages, which would result in the utter ruin of some, and the serious damage of all the farm mortgage stockholders. I cannot willingly lend my aid in a proceeding which is so well designed to bring in its train such serious consequences, but would rather incur all the odium which may be attached to the resistance of a movement which for the moment carries with it the popular impulses, but which it is easy to foresee must speedily result most injuriously to the best interests of the country.

I have the honor to be, very respectfully,
Your obedient servant,
BYRON KILBOURN.

Mr. KILBOURN has applied to the Supreme Court, for relief in this case, and the point is to be argued to-day. Messrs. H. S. ORTON, of Madison, and J. A. SLEEPER, of Janesville, have been retained as Counsel for the State; and Messrs. J. E. ARNOLD and N. J. EMMONS, of this city, appear for Mr. KILBOURN. The importance of the questions at issue, and the ability of the opposing counsel, invest the case with unusual interest. The same counsel, on both sides, appear for Mr. FALVEY, who is also in custody for "contempt," and it is his application for a writ of *Habeas Corpus*, which comes up first in the Supreme Court this morning.

COMMON COUNCIL.—The Finance Committee, to whom the communication of the City Comptroller was referred, giving notice to the Council, that City Bonds amounting to $21,500 issued in 1853, will mature on the 31st of March next, also $4,000 on the 1st of May, reported, That, in their opinion, it will be necessary to issue new City Bonds sufficient in amount to pay from the proceeds of the same, the principal and interest on the above bonds, as they mature.—The Common Council, under an act passed Oct. 11, 1856, being authorized to issue bonds to take up and pay any outstanding City Bonds, when they become due, the Committee would suggest that City Bonds to the amount of $35,000, be issued for the purpose of redeeming the above bonds maturing in March and May next, provided, however, that the bonds so to be issued shall not be sold at any price less than 75 cents on the dollar, and for that purpose the committee offered a resolution that the Mayor be instructed in negotiating said bonds, not to dispose of them in any event at less than 75 cents on the dollar; which was adopted. An Ordinance authorizing the issue of those bonds, was also passed.

A MILWAUKEE PREACHER "TAKEN IN."—One of our Milwaukee preachers got taken in recently under circumstances well worth relating. The gentleman in question has a favorite subject which he is wont to discuss, the truth of which but very few clergymen are willing to acknowledge. The Reverend gentleman not long since paid a visit to one of our country cities, and while there challenged any brother to meet him in a public discussion, one of the terms of agreement being that they should charge an admission fee, and divide the proceeds of the houses. None of them accepted the challenge, but the Mayor of the city learning of the affair, and thinking it a good speculation, hired one of the ministers to meet the Milwaukee gentleman, giving him the sum of $100 for his labor. The discussion was continued three nights, and the proceeds amounted to a fine sum over and above expenses. The country minister received his $100, but the Milwaukee clergyman never received a penny, the aforesaid Mayor concluding, no doubt, that the speculation was too good to divide. Ministers should be careful how they enter into speculations with Mayors.

THE GRAND MASQUERADE TO-NIGHT,—That much looked for event in the routine of Milwaukee festivities, the annual Ball Masque of the Milwaukee Musical Society, takes place at Young's Hall, this evening. In addition to the present masqued performances, the following representations will be performed by the members.

Procession of Prince Carnival and his general staff.

Grand comic circus performance.

Ballet and Tableaux, "The Union," by young ladies.

The Whale and Jonah, a burlesque Opera scene, to conclude with a grand tableaux.

Seats will be reserved for ladies in the lower gallery and round the hall, and ushers will be in attendance to keep order. The ball will no doubt be largely attended, and the performance will be of an amusing character.

POLICE COURT YESTERDAY.—John Gray was fined $3 for being drunk, and Wm. Riley $5 and costs for being disorderly.

John Mut, charged with being disorderly, found not guilty.

Ludwig Bressler, convicted of petty larceny, and sent to county jail for two months.

Wm. Newell charged with stealing a lot of fancy dry goods, yankee notions, &c., of the value of $300, from L. Newmann, waived an examination, and was required to give bail in the sum of $750 for his appearance at the Circuit Court. The defendant thought he could procure bail, but was sent to jail in default of the same.

WISCONSIN PORK.—The hogs that are coming into our market now will bear favorable comparison with the oldest pork raising States in the country. The are heavy and well fatted. Last week Messrs. Layton & Plankinton bought 300 head that averaged 276 lbs each, dressed. This is the best lot of hogs for the number, we believe, that has ever been brought to this market. The greater part came in on the Mil. & Miss. R. R.—a large number of which are from Green County, one of the best counties for raising beef and pork in the State.

LARCENY.—Luding Brezler was sentenced to two months imprisonment by the police justice, yesterday, for stealing a table belonging to one of his neighbors. Brezler was arrested last week and sent to jail for five days, for stealing a sack of flour, from a grocery store on East Water street. After he had been sent to jail yesterday, other articles of stolen property were found in his shanty. If Luding keeps on improving his deeds, he may yet be rewarded by a year or two's keeping, at the expense of the State.

☞ Three military companies are in progress of formation in Madison, at the present time.—One company is nearly all, if not exclusively, German; another, Irish; and the third, if we are not mistaken, a happy commingling of all the races represented in the city. This last, is the Governor's Guard.—*Madison Argus.*

A very good Military Company, the City Guards, has also been formed at Beloit, Captain BURROUGHS, commanding. We are indebted to them for a polite invitation to attend their first Anniversary Ball on the 22d inst.

MILITARY BALL AT CHICAGO.—The Chicago Light Artillery, Capt. JAMES SMITH commanding, give their first Anniversary Ball, at the Light Guard Hall, Chicago, *this* (Tuesday) evening. They have kindly invited the Battallion and Line Officers of the Milwaukee Light Guard, and others, to attend their Festival; and we hope that a delegation will be present to represent our Milwaukee Military.

AUCTION SALE THIS DAY.—CHAS. A. HERTS & Co., have their great sale of watches, jewelery, etc., this morning at 10½ o'clock, at their rooms 224 East Water street. The goods embrace everthing in the Jewelry line, and will no doubt go at prices to suit the times.

THE WEATHER.—February, thus far, has been a fine winter month. We have had steady cold weather; plenty of ice; a fair allowance of snow; good sleighing, and some bright sunshine. It is a decided improvement on January, which was too soft for the season.

HARBOR MEETING.—An adjourned meeting of the citizens who met on the 28th January, in reference to the Harbor, will be held at the office of the Board of Trade on Tuesday, the 16th instant, at 2½ o'clock, P. M.

JAMES JOHNSON, Chairman.
S. S. DAGGETT, Secretary.

MORE SNOW.—We had a fine dash of snow yesterday afternoon, which greatly improved the sleighing. Every variety of sleighs, sleds, cutters and jumpers, were brought into requisition.

The Railroad Ball at Amory Hall.

Correspondence of the Sentinel.

FOND DU LAC, Feb. 12, 1858.

MESSRS. EDITORS:—Since you have been kind enough to notice in the *Sentinel* the Railroad Ball, that came off last night, and did not attend it personally, as was expected by a great many of your friends here, I will give you a hastily prepared sketch of the proceedings. At an early hour last night our beautiful Amory Hall (said to be the costliest, if not the largest, in the State) was filled with a great many of our best citizens, as well as a goodly number of strangers from all parts of the neighborhood. The band very soon struck up its best chords, that set the "light fantastic toe" in motion,

The Committee of arrangements have met with a great deal of praise for the taste displayed in the decoration and fitting up of the Hall. The music, our best city band, was stationed in the centre of the room, on a temporary platform, very neatly gotten up for the occasion. Each performance commenced by the tap of a "locomotive" bell, suspended on the stage and beautifully decorated with the stars and stripes. The walls throughout the hall were filled with bulletin boards of almost every Railroad in the country. Four reflectors were stationed in the room—one in each corner—which, in addition to the seven magnificent chandeliers, added much to the brilliancy of the occasion. The dance, I understand, lasted until 5 o'clock the next morning. The supper being served at 12 M., by our best caterer, CHAS. JOHNSON, seemed to have given general satisfaction, if I am to judge by the way cakes, oranges, figs, nuts, &c., &c., were handled.

From Milwaukee I noticed, among others, Mr. POTTER, of the *Wisconsin*; also Mr. MARTIN HENDRICKS, the gentlemanly agent of our Road, who was "all glory" when he saw the decided hit the Boys had made in getting up the affair.—Take it altogether, I believe no one went away dissatisfied, for it was well gotten up, and reflected great credit on all parties concerned, particularly on Messrs. CLOCK, SELLECK, FRANCIS, BALDWIN and PIERCE. Yours, &c., S. J. S.

A Mysterious Circumstance.

MESSRS. EDITORS:—I have learned that you have advertised in your paper concerning a certain woman that had left Milwaukee under rather mysterious circumstances. I would inform you that there came a woman with a young child to this place, in feeble health, and tired out, to work. She caught a violent cold, and died very sudden, and it was thought by some that she had taken poison. An inquest was held, but nothing of the kind could be ascertained. I could not find out who she was for certain; she said we might call her Emma Gray; she would not tell where her folks lived; said she had cousins living in Michigan; she left Milwaukee some time in November; died the 10th of January.—The child was some seven weeks old when its mother died. It is a girl, and is cared for by the town. The woman was 26 or 27 years old, and in straitened circumstances.

If you can give us any information in regard to said person, you will oblige me much.

Yours, with respect, Z. S.

Milton, Monroe Co., Wis., Feb. 9, '58.

REPLY OF C. K. WATKINS TO THE CITY COMPTROLLER.—It is scarcely fair for the City Comptroller to alarm the Common Council by an official report, that the Coupons of the Lake Shore Road were unpaid. Had the Comptroller stated that the interest on all the bonds of this road had been paid, except ten; that when these were presented he was informed that they had been fraudulently obtained; that notice thereof had been published immediately afterwards in 1854; that payment of them had been forbidden by the party claiming to be the true owner; that they had not been presented for payment in previous years; that funds were provided for their payment, but that for these reasons payment was declined,—then the Common Council might have discovered the impropriety of the formal notice served by the Comptroller on the late President of the road, and the public understood why it received so little attention.

C. K. WATKINS.

CIRCUIT COURT—JUDGE MCARTHUR PRESIDING.—In the Circuit Court, yesterday, Abram Feuchtwanger, who had been indicted for forging, was arraigned and plead not guilty, and was discharged upon recognizance.

F. Hauliegan, who had been indicted for carrying away wood without authority, was also arraigned, and plead not guilty. He was discharged upon his own recognizance.

In the case of Rofial Houghton against James Kneeland, a motion to set aside judgment was denied.

In the case of John H. Tesch against R. N. Austin, jury rendered judgment for the defendant.

The trial of the case of Augustus C. Williams against Nehemiah Ward, was in progress in the afternoon.

THE ROBBERY AT HALE'S CORNERS.—The thief Newell, who was arrested last week for robbing a pedlar's wagon at Hale's Corner's, waived an examination in the police court yesterday, but was committed in default of bail to await the action of the Grand Jury. The goods, which consist of fancy articles, and yankee notions, were brought to this city on Saturday, by officers Dodge & Capron. They are valued at $300. His wife attempted to burn them to avoid detection. A number of missing articles besides the pedlar's goods, were found in Newell's house, and it is now believed that he has been carrying on the business more or less extensivly for some time past.

THE FIRE ALARM.—On Sunday afternoon there was an alarm of fire, and most of the engine companies were out, but before the cause of the alarm was well discovered, the fire was extinguished. The roof of a building, a bakery, on East Water Street, north of the Market House, caught fire, but was put out with a few buckets of water. Damage, trifling.

THE "CARNIVALS VEREIN."—This Society held their annual Festival yesterday. Assembling at 2 o'clock at the Republican House, Fourth Ward, they made the round of the city, attracting crowds of spectators by their grotesque dresses and enlivening music. In the evening, they had a ball at the Republican House, and this morning hold their closing exercises at the same place.

FOURTH WARD—SPECIAL ELECTION.—The Special Election for an Alderman in the Fourth Ward, comes off *to-morrow*. The nominee of the People's Meeting is H. R. BOND, a good man and true. Every friend of Retrenchment and Reform, in the 4th Ward, should go to the polls to-morrow and vote for BOND.

Affray between the Students of Yale College and the Members of Engine Company No. 2, of New Haven—A Fireman Killed.

From the New Haven Courier, Feb. 10.

For a week or two past there has been a difficulty between some of the students of Yale College and the members of Engine Company No. 2, whose station house is in High street, in front of the College Library Building. The cause of the original difficulty we are unable to state, each party claiming that the other is the aggressor. Last evening, about 6 o'clock, while six or eight of the members of No. 2 were in the engine house, a party of students, marching three abreast, passed by the house. One or more of the firemen went into the street when a brick was fired at the house, and an altercation at once commenced. The firemen began to rally, and soon became as numerous as the students; and while the dispute ran high, several shots were fired from a revolver in the hands of one of the students, one of the balls taking effect in the person of Wm. Miles, a member of No. 2, and steward of the company. As soon as the firemen saw that Miles was shot, they raised an alarm of fire, which brought a large crowd to the spot. One of the number, named Nahum Hayward, who is a member of No. 2, seized a man whom he supposed had discharged the pistol, and as he says, gave him a severe blow over the face with a wrench, which must have left a mark upon his person, but Hayward was rushed upon by a number of students, and obliged to let go his hold, when the students separated, and left the spot. Hayward went after Dr. Whiting, and when he reached his house found that his clothes had been badly cut by a knife, but no wounds had been inflicted. Miles was taken into the engine house, where he was examined by Drs. Whiting and Austen, who probed the wound, but were unable to dislodge the ball. He was afterwards moved to his place of residence, in the upper part of the city, where an examination was had by Drs. Knight and Jewett. It was found that the ball had entered the right hip, passing through the hip bone and lodging in the abdominal cavity. His case is considered a hopeless one.

THE FIREMEN'S STORY.—There are various accounts as to the cause of the disturbance. The firemen claim that the students were the aggressors; that the difficulty originated from a party of the students who board in the house on the corner of High and Elm streets, the back windows of which overlook the engine house; that these students have been in the habit of late of insulting the members of No. 2, whenever they came in sight of them; that they have called them every degrading name they could think of, and even threatened to break into the engine house and destroy the machine. It also stated that on one or two of these occasions stones had been thrown into the windows of the engine house and pails of water thrown upon the members as they went in and out of the engine house door; and that on Monday evening, while the students were at supper, they passed a resolution to enter the engine house and serve the engine in the same manner as Engine No. 7 was served by the students a number of years since, and appointed one of their members to lead them in the assault. It is also claimed by the firemen that the row last night was commenced on the part of the students, one of whom insulted a fireman as he came out of the house, and the assault was entirely unprovoked, no cause whatever at the same time been given on the part of those in the engine house. This statement of the firemen's account of the affair comes from the members of the company, whose word we have no reason to doubt, and it is substantially corroborated by a number of indifferent persons who were near by at the time.

THE STUDENTS' STORY.—From a member of the college, a person in whose integrity and moral character the Faculty have confidence, we have the following account of the affair. A club of students of the Junior class board at a Mrs. Bishop's, on the corner of Elm and High streets. The house of Engine Co. No. 2 is near by, and the students have to pass in going to and from their meals. They have been in the habit of singing college songs, and the persons collected in and around the engine house have provoked them for doing it. On one or two occasions water has been thrown on one and the other parties from windows, and stones have been thrown at the students, and it is said a stone has been thrown through the windows of the engine house. Last week a party of firemen marched through the college grounds and in and out the halls of the college buildings, for the apparent purpose of provoking the students. Last evening the students' club, returning from tea, passed the engine house, and commenced to enter the college grounds. Four or five firemen were gathered on the opposite side of the street, and a bandying of words took place. The firemen and students soon became amalgamated in the same crowd, and a fireman with a trumpet, who was the principal spokesman, got into a not unfriendly conversation with the students.

They said they had a right to sing their songs and he said he supposed they had. They appeared to be friendly, but just then another party of firemen came up, when the man with a trumpet suddenly changed his tone, and made an attack upon the students, knocking one of them down. Then a general altercation took place, about which the person on whose authority we make this statement, is uncertain. During it the pistol was discharged, and the man with the trumpet was shot.

AN OUTSIDER'S STORY.—A person unacquainted with the previous troubles says he passed down High street at the time. The students were on one side of the street, and the firemen on the other, and they were closely approaching or mingled with each other. Just after he had passed the crowd, behind the students' side, he heard from the firemen's side some one say,—"Now, damn them, let them have it." Immediately he heard some one from the student's side say, "Now fire," when he heard three pistol shots in rapid succession, and, quickly after, a fourth shot. He passed on, and did not know that any serious damage had been done, until after he returned from down town.

A few days before this answer was received, Mr. Reed, the American Commissioner, solicited an interview in the city, and Yeh replied that he would meet him outside the city, but that no barbarian should set foot within the limits of Canton.

The General reports everything quiet in the Territory, and says he apprehended no more difficulties, provided Congress gives them a government of their own. The presence of Gen. Harney and Col. Sumner here, has reference to the arrangements for the spring and summer campaign against the Mormons.

Geo. Bancroft's Letter.

NEW YORK, Feb. 15.

The speech which Hon. Geo. Bancroft was to have delivered to the anti-Lecompton meeting, had it been held on Friday evening, was published this morning. He holds that the Lecompton Convention, had no claim to the sovereignty in Kansas but by usurpation; that it had in no wise the sanction of Congress, nor of the President, nor of the people of Kansas, and was but a cunning device to defraud the people of its sovereignty. Mr. Bancroft exposes the various frauds committed in the elections in Kansas; denies that the Union is in any danger; says that there is no insurrection or rebellion in Kansas; asserts that the supporters of the Lecompton constitution have not one inch of democratic ground to stand on; says there is no precedent for enforcing a constitution against the will of the people.

California news not important.

On the 8th, Gov. Johnson delivered his last message. He reports the total amount of taxable property of the State at $137,806,268—an increase of over $18,000,000 in the year; a total indebtedness of $2,803,000; an annual revenue of $1,152,000, and the annual expenses $960,000. On the 1st of January last, there were $359,000 in the treasury.

Gov. Walker's inaugural was delivered the same day. He will use the whole power of the State to put down any organization hostile to the State Courts; says a law should be passed to protect improvements made in good faith in other parts of the land; hints that the mining claims should be taxed; condemns paper money; calls for a Pacific Railroad, and remonstrates against the agitation of the Slavery question.

Both messages were favorably received by the press and the public.

The Legislature had taken no action of importance.

Resolutions had been offered praying Congress to guarantee the neutrality of the Nicaraguan transit route, also praying Congress not to renew the mail contract with the Pacific Mail Steamship Company.

There was a slave case in Sacramento. A Mississippian applied for a legal authority to take a negro named Archy—who came to California with him—back to Mississippi. Commissioner Johnson dismissed the application, he having no jurisdiction, as Archy did not come as a fugitive to the State. The friends of the slave sued out a *habeas corpus*, but Judge Robinson of Sacramento county, postponed a decision till the 23d.

Resolutions approving of Senator Douglas' course had been presented in the Legislature, and excited some angry discussion, but no final action had been taken.

Volunteer companies were being organized all over California, to await the call of the President to march against the Mormons.

The story had been published that Col. Alexander had attempted to force Echo Canon, which the Mormons held, and was beaten back. It is simply humbug.

WITS AND WOMEN OF PARIS.—Lola Montez last evening delivered an amusing lecture at Hope Chapel, on the Wits and women of Paris, which elicited frequent and most rapturous applause. Long before the lecture hour arrived every pew, aisle and corner was crowded to the utmost excess, and scores were obliged to go away without getting inside the building. Those who could not gain access were consoled with the assurance that the lecture on "Gallantry," including the Business Nature of Love-making in the United States, next Wednesday, would prove the greatest treat. About one-third of the audience last evening was composed of ladies, and the rest of the sterner sex, who manifested a deep interest to get a fair sight of Lola. Opera-glasses innumerable were in active requisition.—*N. Y. Tribune, Feb. 9.*

GRAIN CLEANER & SEPARATOR
HORTON'S PATENT.

G. B. BINGHAM & BRO.,
Sole Manufacturers in Wisconsin.

THIS MACHINE is of recent invention, and surpasses all others in use for its perfections as a thorough Separator and Scourer. It has given entire satisfaction in New York, Pennsylvania and other States where it has been introduced, and we are confident it is better adapted to the cleaning of Western grain than any other ever introduced into this State. It is fire proof, not liable to get out of repair, requires but little power to run it, and the scouring cylinder so constructed as to render it unnecessary to be renewed for years. We respectfully invite all Western Millers to give us a call, and examine our machine, at the Bay State Foundry, Florida st., Milwaukee, Wis.

MILWAUKEE:
TUESDAY MORNING, FEB. 16.

The Regents of the State Normal School.

The Senate held an executive session this morning, for the purpose of confirming or rejecting the persons appointed as Regents of the State Normal School. With one exception, the appointments were made by the late Executive, Gov. Bashford. The session, contrary to the usual practice, was held with open doors. No objection was made to the capacity and fitness of the Regents appointed. Some of them are among the most prominent of educational men of the State; and their appointment was received by the public with every mark of approbation, and obtained a very warm endorsement from the press. The only objection urged against them, we understand, was of local nature. Senators held that the Regents should be selected so as to give the several localities of the State an equality of representation in the Board. The question of fitness was subordinated to that of locality; and the result was the rejection of the entire board.

Gov. Randall will of course be under the necessity of appointing a new Board, unless the Senate reconsider their action, made up of new men; and that body will then be called upon again to signify their approval, or non-concurrence.—*Madison Journal.*

We copy the above explanation from the State *Journal*, as well for the information of our readers, as by way of reply to the elaborate misrepresentations in the *News* of Sunday. Suppressing the fact that the nominations were, with one exception, those made by the late, and not the present executive, the *News* affects to discover, in the action of the Senate, great discourtesy and "insulting" conduct toward Gov. RANDALL. It was anything but that. On the contrary, the Senate, while wishing a different arrangement of the Board of Regents, desired also to give Gov. RANDALL the opportunity to make these nominations himself. We think, with the Senators, that the list might be improved. Nay more; if what we hear of the operation of the Law, under which the Board was formed, be half true, the wisest thing the Legislature can do is to repeal the Law and abolish the Board. We shall never get a "State Normal School," worthy the name, unless a different policy be pursued.

Reading Out of the Party.

GONE OVER!—The Janesville *Standard* has gone over, horse, foot, and dragoon to the Black Republicans.—*Stevens Point Pinery,* (dem.)

The same summary process, by which the "National Democratic Party" at Washington has expelled Senators DOUGLAS, of Illinois, STUART, of Michigan, and BRODERICK, of California, for refusing to swallow the BUCHANAN test and support the Lecompton Swindle, is now in full operation in this State. The Stevens Point *Pinery*, as Chief Executioner, unceremoniously lops off the head of the Janesville *Standard*, and consigns the trunk to the tender care of the "Black Republicans." This is undoubtedly intended as a warning to other Democratic editors and leaders, in Wisconsin, who still hesitate to bow their necks to the Lecompton yoke.

THINGS IN SHEBOYGAN COUNTY.—The Sheboygan *Journal* learns that there "is a fair prospect that the work on the Sheboygan and Mississippi Railroad will be resumed early in the spring. Mr. BARRETT, the Financial Agent, is actively engaged in the sale of bonds, etc., and in the organization of a company of capitalists at Nantucket, who will settle in the county, bringing with them capital and infusing real New England energy into our people."

The weather, says the *Journal*, is now emphatically cold—sufficiently so to be entirely satisfactory to the most uncompromising stickler for cold weather. Those who have been exercised by the fear that we should not have cold weather enough this winter to make sufficient ice and to purify the atmosphere, can now abandon such fears with perfect safety.

The *Journal* learns from the Treasurer of Sheboygan County, that the State tax for said County has all been paid in and paid over to the treasurer. The different town treasurers say, taxes have been promptly paid all over the County, and that they have collected in full all of the Railroad, Harbor, and most part of the County tax.

AN AFFRAY BETWEEN COLLEGIANS AND FIREMEN.—A sad affray occurred at New Haven, on the evening of the 9th inst. Wm. Miles, foreman of Hose Company No. 2, whose carriage-house is in the rear of Yale College, was shot by a student whose name is not publicly known. The student, in a moment after, was badly hurt by a fireman. Two or three students and as many firemen were then engaged in the fight, and the clothes of one of the latter were badly cut by a knife, but no wounds were made. Three shots were fired, all of which are supposed to have lodged in the left side of Miles. Miles lingered till noon of the 10th, when he expired. Ill feeling had existed between the firemen and students, for some days, and there is much excitement about the death of Miles. No further disturbance, however, is apprehended.

RACINE AND MISS. R. R.—The New York *Tribune* of the 10th instant has the following information relative to the Racine & Mississippi R. R.:

The semi annual interest on the bonds of the city of Racine, Wisconsin, due 10th inst., will be paid at the office of M. K. Jesup & Co., No. 44 Exchange place. This city has distinguished itself honorably by voting unanimously in town meeting to petition the Legislature for power to levy a tax at once to meet this interest, the charter of the city not permitting it to be laid at this portion of the year. In the meantime, the money has been advanced by the friends of the Racine & Miss. R. R., to which corporation the bonds were issued. We recommend the example of Racine to Pittsburgh, Allegheny and other defaulting portions of the country. It appears from the annexed card from the President of the Racine road that there are spurious bonds of the city of Racine in market, of which buyers should beware:

To the Editor of the N. Y. Tribune:

SIR—Having noticed several auction sales of Racine city bonds at shameful quotations, I have been induced to inquire into the case, and find that the sales and resales have been a miserable spurious bond purporting to have been issued to the Racine & Mississippi R. R. Co., No. 64, signed Plutarch Montgomery, Mayor, and Sneeden Fitzyburn, Clerk. The genuine bonds are signed by David McDonald, Mayor, and A. J. Redburn, Clerk, and endorsed by the Racine & Mississippi R. R. Co. The public should be properly cautioned in reference to this matter.

Yours, &c., H. S. DURAND, Pres't.

THE LIONS AND THE LION-KILLER.—Some monarch of the African wilds has at last avenged his race. The latest arrival from Europe brings the news that Gerard, the famous "Lion Killer," has been killed by a lion in Africa. Those who have read his very attractive book will feel a melancholy interest in the news of his death.

DEATH OF BISHOP WAUGH.—The Rev. Beverly Waugh, senior Bishop of the Methodist Episcopal Church, died at 1 o'clock Tuesday morning last in Baltimore, at the age of 69 years. In 1809 he entered the ministry, and in 1836 was elected to the Episcopal office. Previous to the latter date, he had been a resident of N. Y.—The Bishop has been in feeble health for some time; but the immediate cause of his death was erysipelas, which followed a sudden attack of apoplexy. Bishop Thomas A. Norris of Cincinnati is now the senior Bishop of the Methodist Episcopal Church.

GREEN BAY ITEMS.—On Wednesday morning, the 3rd inst., says the *Advocate*, the river was clear of ice, except a little line of old ice along the shores. Before noon the river was all frozen over, and has remained so ever since. Meanwhile, the weather has neither been very warm nor very cold. We have cold nights, perhaps at zero on the average, and warm, sunny thawing days. There is just snow enough on the ground to whiten it, without making sleighing; and we hear the same report from all quarters. Business is dull and but few teams coming into town. The crossing on the ice is safe for teams with with moderate loads.

On Sunday morning last, Mr. Crocker, of Heward, started from that place with a team of horses and a very heavy load, for Oconto. In crossing the late track of the ferry boat, where the ice was weak, the sleighs broke through, but although they were almost entirely submerged, they were got out in safety.

The ice houses are rapidly being filled with very fair ice, of about a foot thickness. People seem to think that they must, "work while the day lasts," and well they may, if the balance of the winter proves to be like the past.

Wednesday morning, 16th, 8 A. M.—Mercury stands at 16° below zero.

COMPLIMENTARY.—A New York merchant, says the *Advocate*, who visited our city last week and carried home with him several thousand dollars, paid our merchants a handsome compliment when he said that "he had collected more money, and had better success with our merchants than any other place in the whole west.—He, of course, urged them to call again often.—We have often heard the remark that our merchants generally stand A No. 1 in New York.—Considering the times, they are doing a safe, honorable business.

The *Advocate* says a lighthouse is very much wanted at Kewaunee, on Lake Michigan. A petition to Congress for a lighthouse at this point, has been signed by our lake men generally. We hope, continues the *Advocate*, "that Congressman Billinghurst will give this matter his early attention, as it is a matter of great consequence to the owners of the large fleet of vessels engaged in the Green Bay and Bay de Noquet lumber trade. We hope that the petition will be granted, and the lighthouse early completed."

MEN AND THINGS AT MADISON.—The last number of the Green Bay *Advocate*, contains a graphic letter from a Madison correspondent, who signs his name "Ko-ne-mick," which is pretty good Indian for CHARLEY ROBINSON, the editor of the aforesaid *Advocate*, and late Secretary of State. Making due allowance for "Konemick's" constitutional prejudices, the following extracts will be read with amusement:

I made my ceremonious call on the Governor yesterday. Found Mr. Watson, who is now Private Secretary, comfortably located in the ante room, and looking as though the transfer from an editorial room to the Executive office had not affected his appetite or his temper.—Governor Randall invited me to sit down in the gubernatorial chair, and "just see how it would seem," I did so; but there shortly crept over me such a hankering after railroad bonds, school lands, and the flesh pots of Egypt generally, that before the feeling became uncontrolable I changed it for another seat. Gov. Randall is not a bad looking man, and but for his envious and incomprehensible political views, would be such a Governor as the people might well tolerate for one term. He is of medium height, rather thin, slightly inclined to baldness, and has a pleasant frank way of receiving his visitors that makes you like him in spite of your determination to the contrary. Among other things in the executive Room there was a plan of the new House of Refuge, for vicious boys, now being erected at Waukesha. It is a very fine building, and one which has long been needed. The fact that we have already had two Governors from Waukesha would seem to indicate that as an appropriate point whereat to locate a place for bad children.

Up stairs I found the same Legislature which was in session the first time I came to Madison, ten years ago. There sat those identical chaps with their feet on the desks, who sat their then. That fat old fellow was sleeping away in the corner yet. A few more than usual were reading the newspapers, which we hailed as a good omen of increasing intelligence. The same men, with heads as uncombed as ever, were chatting around the stove. That bill, for a dam across that everlasting creek, was still before the House, and those same men still wanted their names changed. Fred. Lovell still sat in the Speaker's chair, but the hair had grown awfully over his face. We thought of Rip Van Winkle, and turned into the Senate room—but yet to find no change. A Sergeant-at-Arms and nine assistant door keepers condescendingly motioned us to a seat as they did in olden time, and we sat down to hear a Senator speak upon that old story—to us as familiar as Mother Hubbard and her dog—about the dear people and corruption in high places.

Socially, Madison is livelier than usual this winter. Parties occur about every night, and there are dances and balls without number.

John Mitchell turned Know Nothing.

Our readers recollect an anecdote of John Mitchell, the Irish refugee, published a short time since in the Gazette, in which he is represented as having said to a darkey he owns or hires, "Sambo, we are going to open the African slave trade, and bring regular jet black, ivory toothed, Guinea niggers into this country.—What do you think of it?" Sambo replied, "Well, massa, tink it would be a good ting, and keep all dese low Irish out."

John seems to have been thinking seriously of the darkie's answer, and has finally resolved to be guided by his superior wisdom, for he is now denouncing in the "Southern Citizen"—the paper he publishes in Tennessee—the naturalization laws, and fears that, unless they are repealed, "the United States is in danger of being made the common alms-house, *refugium peccatorium*, and penal colony of the world."

John having turned "nigger" himself, feels a deep interest in the race, and would exclude his own countrymen—the immigrators of the North—to promote the nigger interests of the South.—*Cincinnati Gazette.*

THE WEATHER IN JUNEAU CO.—The Mauston *Star* of the 12th says the thermometer last Wednesday morning was down to 20° below zero, which is much lower than it has been at any time during the winter. There is scarcely snow enough to whiten the ground, yet there is sufficient ice on the roads to make it tolerably fair slipping.

JEFFERSON COUNTY CIRCUIT COURT.—This Court, says the *Jeffersonian*, is now in Session, Judge Collins presiding. There are several criminal cases upon the Calendar to be tried, and among them that of Joseph Perry for the murder of Isaac Wetherby, in the town of Cold Spring, on the 13th of May last. There will be quite a turn out of people from the towns of Hebron and Cold Spring to hear the trial.

MARRIAGE OF EX-PRESIDENT FILLMORE.—Ex-President Fillmore was married, at Albany, on the 10th, to Mrs. Caroline C. McIntosh, widow of the late Ezekiel McIntosh of that city. The marriage was quite private, a few of the immediate friends only being present. After the ceremony, the band of the 76th Regiment, Colonel Bulkley, gave the party a serenade. The bridal party left by the 12 o'clock train next day for Buffalo, the residence of the Ex-President.

PRESENTS TO M. C's.—The *Taunton Gazette* has the following paragraph relating to three of the Republican members of Congress from Massachusetts:

"The Hon. H. L. Dawes of the XIth Congressional District, Mr. Thayer of the Worcester District, and Mr. Davis of the Salem District, have all been recently called home by their wives to take a look at recent "pledges of affection," with which they have been favored."

THE HYENA.—The "Paulding county Hyena," relative to which we published a paragraph a few days since, turns out to be a humbug.

LECTURE BY THE OJIBWA INDIAN CHIEF PAH-TAH-SE-GA.—Quite a large audience, says the Cincinnati *Gazette* of the 12th inst. assembled at Smith & Nixon's Hall, last evening, to listen to a lecture by Rev. Peter Jacobs, [his American name] an Ojibwa Indian Chief, upon the manners, customs, rites and traditions of his tribe, &c., the proceeds of the lecture to be devoted to the education of his daughter as a Missionary Teacher.

Pah-tah-se-ga, the lecturer, was dressed in full Indian costume, made of skins of animals, worked with porcupine quills, with tomahawk and scalping knife. He commenced by saying that his nation was unpolished, and the American a polished people; that therefore, the audience should not anticipate a scientific or educated discourse, but one plain in its language and character. If curiosity to see pure Indian in his native costume had suggested their attendance, the audience would be fully gratified. Before them was a native of the soil, one "to the manor born," a simon-pure Objibwa, and if he appeared like a christian, it was because he had been made so by the grace of God.

In concluding his lecture, Pah-tah-se-ga related a brief account of his travels in England and France, his visits to Queen Victoria, and his entertainments by the lords and ladies of the old world, in giving which he related several amusing anecdotes. His lecture throughout was delivered in that free unrestrained, natural manner which belongs to the Indian character, and which education and intercourse with society cannot entirely obliterate. His illustrations were enforced by a species of personal acting that was exceedingly pleasing, and which the auditory appreciated to its fullest degree. He makes no pretentions to eloquence but is of that class whose

"——Rough, untutored mind,
Sees God in storms, and hears Him in the wind."

The whole lecture was attentively listened to, and portions warmly applauded, and at its close the audience freely purchased the "Journal" of the Chief giving a history of his life, of the Indian Wesleyan Missionary service, and the Hudson's Bay Territory.

NOT BAD.—The St. Louis "*Democrat*" gets off the following amusing squib, in reference to the late fight in Congress:

THE LATE AFFRAY IN CONGRESS.
[From the Southern Fire Eater.]

A glorious affair occurred in Congress, on Saturday, in which a sneaking, rascally abolition, black republican scoundrel, named Grow, who hails from some wretched locality in the interior of Pennsylvania, got his deserts at the hands of the gallant and chivalrous Hon. Lawrence M. Keitt, of South Carolina. It seems that the man Grow had the audacious impudence to cross over to the democratic side of the house, and while there take part in the proceedings. For this he was rebuked by Mr. Keitt, and the man Grow replied with some black republican slang about this being a free land. Mr. Keitt immediately resented this insolence by making an effect to seize the scoundrel by the throat, at the same time calling him a black republican puppy. Grow put out his fist (from the shoulder) for the purpose of keeping Mr Keitt from hurting him, when the latter struck the fist of Grow such a tremendous blow with his eye that Mr. Keitt fell down from the rebound.

Several southern gentlemen interfered to prevent Keitt from continuing to punish the insolent black republican, and Mr. Barksdale of Mississippi, struck Washburne of Illinois, such a blow in the fist with his head, that the wig worn by Mr. B. was knocked off. It is hoped that this decided course, on the part of our gallant southern representatives in Congress, will put an effectual stop to such insolence as talking in Congress, about this being a free land.

☞ There are plenty of young gentlemen as well as plenty of old ones whose beards are turning grey, which gives the former a great deal of uneasiness, and exposes the age of the latter. To avoid these little perplexities, we advise such of our readers to use Prof. Wood's Hair Restorative, which will, in the course of a few weeks, change the hair to its natural color. It does not dye the hair like the most of the hair restoratives, but produces a gradual change of color from the roots of the hair to the final end, and gives it a fine and glossy appearance. We have seen many persons who have used it successfully, and pronounce it the only invention which has come to their idea of a cure for grey heads.—We commenced using it about two months since, and if we are any judge of age and beauty, it has made us at least ten years younger; in fact we are beginning to look quite young, and feel very much like getting a young wife. The change is miraculous, and it would be as difficult to find a grey hair now as it would be to find an idea in the head of the Duke of Buckingham. We know several old maids and some young widows, whose locks are just beginning to assume a silvery hue, and who have been talking seriously about resorting to this remedy, and we advise them not to delay any longer. It never fails.—*St. Louis Herald.*

FIFTH VOL. WISCONSIN REPORTS
JUST RECEIVED, by

An Albanian Merchant Prince.

Bishop Potter, of Pa., at a Merchants' Fund Association in Philadelphia, paid a merited tribute to the memory of James Kane:

He had been for years the Merchant Prince of the city in which he lived. His ventures all seemed successful; his mansion was the home of a delightful hospitality; his grounds the delighted resort of all ages and ranks. There was no public charity, no plan of local or general improvement which he did not gladly help forward. All at once he was arrested by one of those sudden and wide-spread revulsions that sweep like a tornado across our commercial world. The storm left him a complete wreck; everything he had on earth was surrendered to his creditors, and he stood forth rich in character and self approbation, but penniless in purse. It was too late in life, as he thought, to retrieve his fallen fortunes. He loved books: he had neither wife nor child. He was surrounded by the friends of his youth, at whose house he was always a welcome guest.

A few creditors remitted their claims, and insisted upon his applying the proceeds to his personal wants. He reluctantly consented. For more than twenty years he lived amid the scenes of his former prosperity a poor but contented and happy man. Books were friends that rarely parted company with him. They turned on him no cold looks; they gave him no half-welcome; and I verily believe that never, even in the most brilliant days of a career that made him the observed of all observers, did he enjoy himself so well as while his whole stipend was two hundred dollars a year. He bore a name* that unsurpassed heroism has since made dear to Philadelphia, and though he was probably a stranger here, I am proud to-night to point to his example as one which, in this respect at least, Philadelphia merchants might well follow.

* The gentleman referred to was grand-uncle of the late Dr. Elisha Kent Kane.

During the War of 1812, Mr. Kane was popular alike as a Banker and Merchant. In the absence of silver, James Kane's "shin-plasters," of various denominations, from "One Cent" to "Fifty Cents," were as current as the specie is now. His "promise to pay" was accepted throughout the State.

Mr. Kane was one of six brothers, all eminent Merchants, and all men of mark. They were established in mercantile business, in the West Indies, in Philadelphia, in New York, in Albany and in Schenectady. They had also, a trading establishment up the Mohawk River, in Montgomery county, (a House of the style of Architecture common, a century ago, to Newport and New London,) which is still seen from the Railway and Canal, where early one morning, more than fifty years ago, one of the brothers (Oliver we believe) had an affray of honor with the late James Wadsworth, of Genesee, when one or both were slightly wounded.

In form and face James Kane was a "most peerless piece of earth." To the manners of an accomplished gentleman, he added the graces of a cultivated mind and a refined taste. Familiarity with all that is classic in English and French Literature, gave a charm to Mr. Kane's conversation, which, in this practical age, is rarely found.

During the long period referred to by Bishop Potter, while Mr. Kane was living in the most frugal manner, upon his scanty income, an incident occurred which brightened his evening of life. When, in 1838, Mr. Seward was elected Governor of this State, he found himself, so far as patronage was concerned, with a barren sceptre, the Senate being largely against him. As the season approached, however, for paying an Annuity to that remnant of the six nations of Indians that removed to Green Bay, the Governor discovered that the power of appointing an agent resided in the Executive, and he determined to bestow it upon James Kane, who, in his palmy days, forty years by-gone, was personally known to those Indians as the pale-faced Brother, who paid them honest prices for their furs, and who was their friend when in difficulty or distress.

Mr. Kane's intimate friend, the late John I. Boyd, was commissioned to inform him of his appointment. We will not attempt to describe the mingled emotions of astonishment, joy and gratitude which the announcement awakened. To have been sought out, as he was, in his garret, with crackers and smoked herring for breakfast and dinner, (Saturday's excepted, when he always dined with the late William Cadwell) year in and year out, and offered an appointment paying $400 a year for two years, was happiness so unlooked for that it overwhelmed him.

And what an occasion of pleasurable excitement attended his preparations to depart for Green Bay! He had scarcely passed beyond the lamp districts of the city since his failure in 1817. He went, accompanied by a nephew and neice, was received with marked regard by the Indians who knew him personally, or by tradition, as a "brother," and by whom he was immediately made a "Chief."

Mr. Kane, with a retentive memory, used to relate interesting anecdotes of Chancellor Kent, Chief Justice Spencer, Gov. Thompkins, Gov. Clinton, Mr. Van Buren, Soloman Southwick, and other distinguished public men, some of which we may venture to repeat, even at the hazzard of stirring the *bile* of the New York *Express* and other unhappy Journals.—*Albany Evening Journal.*

BADGER STATE SAFES,

Upon a larger scale than we have ever done heretofore by the introduction of new machinery, and by increasing our manufacturing facilities.

FIRE & BURGLAR PROOF!

Our SAFES, as is well known, are more substantially constructed, and more handsomely finished than any other safe manufactured in America, and consequently it has cost us more in getting up our safes than any other manufacturing establishment in the country. But, notwithstanding this, we are now enabled to offer our safes to the public at

THE EVE OF ELECTION.

BY JOHN GREENLEAF WHITTIER.

From gold to gray, our mild sweet day
Of Indian Summer fades too soon;
But, tenderly, above the sea,
Hangs, white and calm, the Hunter's moon.

In its pale fire the village spire
Shows like the zodiac's spectral lance;
The painted walls, whereon it falls,
Transfigured stand in marble trance!

O'er fallen leaves the west wind grieves,
Yet comes the seed time round again;
And morn shall see the state sown free
With baleful tares or healthful grain.

Along the street the shadows meet
Of Destiny; whose hands conceal
The moulds of faith that shape the state,
And make or mar the common weal.

Around I see the powers that be,
I stand by Empire's primal springs;
And princes meet, in every street
And hear the tread of uncrowned kings!

Hark! through the crowd the laugh runs loud
Beneath the sad, rebuking moon;
God save the land, a careless hand
May shake or swerve ere morrow's noon!

No jest is this; one cast amiss
May blast the hope of Freedom's year.
Oh! take me where are hearts of prayer,
And foreheads bowed in reverent fear!

Not lightly fall, beyond recall,
The written scrolls a breath can float;
The crowning fact, the kingliest act
Of freedom, is a freeman's vote!

For pearls that gem a diadem,
The diver in a deep sea dives;
The regal right we boast to night,
Is ours through costlier lives.

The blood of Vane, his prison pain,
Who traced the path the Pilgrim trod;
And her's whose faith drew strength from death,
And prayed her Russell up to God!

Our hearts grow cold, we lightly hold
The right which brave men died to gain;
The stake, the cord, the axe, the sword,
Grim nurses at its birth of pain.

Your shadows rend, and o'er us bend,
Oh, martyrs, with your crowns and palms,
Breathe through these throngs your battle songs,
Your scaffold prayers and dungeon psalms.

Look from the sky, like God's great eye,
Thou solemn moon, with searching beam,
Till in the sight of thy pure light
Our mean self-seekings meaner seem.

Shame from our hearts, unworthy arts,
The fraud designed, the purpose dark,
And smite away the hands we lay
Profanely on the sacred Ark.

To party claims and private aims,
Reveal that august face of Truth,
To which are given the age of Heaven,
The beauty of immortal youth.

So shall our voice of sovereign choice
Swell the deep bass of duty done,
And strike the key of time to be,
When God and man shall speak as one!

"THE HASCHISH EATERS."—A terrible affair has just come to light in Paris, which is causing a great sensation. A celebrated physician, desirous of ascertaining and minutely recording the effects of the "haschish" or Indian hemp upon the human mind, induced three young men to lock themselves up in a room and partake of it. The servants were all sent away, but after waiting 24 hours and the inmates not coming forth, the doors were demolished, when a horrible sight presented itself within:

On the floor lay the doctor, insensible and bleeding profusely from a wound in the head. One of the young men lay extended beside him, groaning in agony, his left arm and leg both broken by the falling of the chandelier, which, by some extraordinary accident, had slipped from its chain, and lay scattered in fragments all over the carpet. Another of the experimentalizers was seated on the floor, close beside the doctor, grasping one of the bras candelabras from the mantle piece, with which it was evident the victim had been wounded—he was found to be a gibbering maniac, while the third was lying quietly beneath the table—in a state of stupor, from which no medical skill has yet been able to arouse him!

The doctor, whose wound is not serious, and whose sensibility proceeded from his loss of blood, gives a vague and confused account of the scene as yet. The revelations made in the pages of his pocket book are said to be most extraordinary, and to have caused the greatest excitement amongst the medical faculty. Meanwhile, the mother of the poor maniac, whose state still continues desperate, has caused the Dr. to be put under arrest as instigator of an act, whereby her son may have been deprived of reason for life, and he was therefore, yesterday committed to the care of the Perfect de police. His mature age—the youth and wild reputation of his companions, cause his case to be looked upon with no favorable eye for the doctor, and much excitement in the salons of Paris has been occasioned by the adventure.

LESSONS IN
Foreign Languages.

MR. AND MRS. L. S. B. DE CRETY, from PARIS, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent male teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

TO MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

To Brick Makers and Capitalists.

THE UNDERSIGNED would invite all interested parties to examine a working model of a BRICK MACHINE, which is superior to all others ever invented. It is much *cheaper*, more *portable*, and so *simple* as not to be liable to *get out of order*. Three men and one boy can make from 12 to 15,000 perfect Brick per day. It can be run with *less power* than any other. Two horses, or 2½ inch belt will work it with ease. It makes the Brick directly from the bank, without tempering, and can make Brick all seasons of the year, without regard to weather. Circulars sent by addressing W. HUTCHINGS, Box 1629, Chicago, Ill. The model can be seen at 167 Randolph St., Chicago. Also, samples of Brick made by the machine.

TO MOTHERS,
AND THOSE ABOUT TO BE MARRIED.—A mother who has suffered much, has found an effectual remedy for a complaint that probably two-thirds of her sex are troubled with; also a *sure* and safe *safe preventive*. She offers to make it known to mothers and those of her sex contemplating marriage. No drugs or medicines are used, hence the application is perfectly *safe and harmless*. Full particulars in a pamphlet will be mailed in a sealed envelope, on the receipt of two three-cent stamps. None but those mentioned above need apply. Address, post-paid,

THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures
EVERY KIND OF HUMOR,
FROM
The worst Scrofula down to a common Pimple.
He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face.
Two or three bottles will clear the system of biles.
Two bottles are warranted to cure the worst canker in the mouth or stomach.
Three to five bottles are warranted to cure the worst kind of Erysipelas.
One to two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruptions of the skin.
Two or three bottles are warranted to cure the worst kind of kind of ringworm.
Two or three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure salt-rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, MASS.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper is restored to its natural sweetess, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of
CANKER
it extends to the stomach, ensuing
DYSPEPSIA,
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonous fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the
PILES.
How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

ONE DOLLAR
WILL BUY

ONE OF THE BEST PURGATIVE and Liver Medicines now before the public, namely, DR. SANFORD'S INVIGORATOR, or LIVER REMEDY, that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject the morbid matter, then on the stomach and bowels, to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken in moderate doses will strengthen and build it up with unusual rapidity.

SANFORD'S LIVER INVIGORATOR!

DR. SANFORD'S INVIGORATOR is compounded entirely from new articles of medicine, viz: Gums.

Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects.

Though possessing rare medicinal powers, these Gums have been but little known to physicians, and never used in their prescriptions until used in the form of the *Invigorator*, which met with such unprecedented success as to induce the proprietor to offer it as a family medicine tried and known in its effects. It has rarely ever failed to cure Liver Complaints in their worst forms.

INDIGESTION being caused by a deranged Liver is cured when the Liver is excited to action.

JAUNDICE is caused by the improper action of the Liver, and as a proof that the Invigorator relieves this disease, let any one troubled with Jaundice take the Invigorator regularly one week, and their skin will begin to assume its original color.

COSTIVENESS can be permanently cured by the Invigorator. Take it in small doses on retiring, and it assists nature in her operations. By gradually diminishing the dose, the bowels are left in a healthy and active state, and work as regularly as clock work.

SICK HEADACHE is very soon relieved by taking a double dose of the Invigorator, which corrects all acidity and sourness of the stomach.

For an overloaded stomach it has no equal, as it relieves all oppressive or uneasy feeling after eating heartily. For a *family medicine* generally, all who use it speak in the highest terms.

DR. SANFORD'S INVIGORATOR came to us recommended to us a cure for Liver Complaints, and all diseases arising from a diseased Liver. The testimonials of so many of our Physicians in its favor, induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything edible without trouble, while before nothing but the lightest food would digest, and often that gave pain. Now what we want to say to all our readers is, if *Liver Complaint* or *Dyspepsia* trouble you, do not fail to try this the greatest remedy in the world.—*State Fact.*

We take infinite pleasure in recommending this medicine as a preventative for FEVER and AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

There has never been tried in our family a remedy which has met with such unbounded success in the cure of diseases incident to children, as DR. SANFORD'S INVIGORATOR; nor is it alone for diseases of children that we use it; for it acts as a Cathartic so mildly and gently, and seems to renovate the system so thoroughly, that we think we are doing a service to all in advising them, when they need medicine, to try this remedy. There are cases that have come under our notice where great benefit has been received in diseases of the Liver, Stomach and Bowels, where all other remedies failed to give relief. It has become so useful in our family that we will not be without it.—*Jacksonville, Ala. Republican.*
